Funding Statement:

The CALM Project is a part of The Improving Pediatric ADHD Care (IPAC) Learning Network. The IPAC Learning Network is managed by the American Academy of Pediatrics and supported by an independent grant from Pfizer, Inc. The Pfizer Independent Grants for Learning and Change (IGL&C) group, provides independent grant support to organizations for healthcare quality improvement and learning and change initiatives. Pfizer Foundation funding does not cover the cost of food at this learning session.

CME Disclosure:

Funding for the CALM Project is provided by the Pfizer Independent Grants for Learning and Change (IGL&C) group, which provides independent grant support to organizations for healthcare quality improvement and learning and change initiatives. The Pfizer Foundation is independent from the commercial entity, Pfizer; however funding for physician staff time is required to be reported under Sunshine Act Reporting. QC receives funding for staff time and subcontractors under this grant.
