*NOTES: This directory represents a “best-effort” to collect basic information about recovery residences in Maine. It is not to be used for commercial purposes. This directory contains a variety of programs offering different living situations. These include simple recovery residences with few restrictions (e.g., Oxford Houses (Designated with an “O” after their name) to residential homes offering a high level of treatment. Many are in-between. Some are associated with inpatient treatment or detox facilities (e.g. Wellspring and Liberty Bay). Please contact each program for individual information. No effort has been made to evaluate the quality of services offered or to endorse any program.

Updates, corrections or additions to this directory are sincerely appreciated and may be sent to:
